## Skills

- HTML/CSS
- SQL
- PHP
- JavaScript
- Android
- JAVA
- Flutter
- Python
- Agile
- SW test
- Business Intelligence
- Adobe XD
- Photoshop
- Illustrator
- Unity

## About Me

I'm Wei Siang, a student in Digital Design and Development at Republic Polytechnic. My expertise lies in JUnit for meticulous software testing, ensuring reliable code. I seamlessly blend creativity with functionality in UI/UX design. Mastering HTML, CSS, and JavaScript for creating responsive websites. Adapted to Android development with JAVA. I am looking for a job that is related to software development that could provide me with an opportunity to apply and enhance my skills in a dynamic and innovative environment.

## Projects

### Movie Rating Website

An attractive website using HTML CSS and Bootstrap that allows users to log in, rate, and view movie reviews. The website is fully dynamic as I used PHP integrated with the SQL, allows for smooth data handling and real-time update.

### Weather Forecast App

A mobile App developed via Flutter framework that displays the real-time temperature and weather in London. This app integrates with weather API and collects data in JSON format.

## Education

### Republic Polytechnic

Internship start on March

Diploma in Digital Design and Development

SMK Gelang Patah(Secondary)

### Work Experience

Skyline Catering: Service Crew(2yr)  
RE/S: Service Crew (half year)
